Corporate Team Building Experience

Businesses have been realizing the advantages of experiential education for quite a few years. The **positive atmosphere** established through a sequence of challenges allows personnel to work with one another in a whole new way. By being away from the typical job setting, employees are able to **break free of established roles** from the work place and work together with different perspectives. Trained facilitators will guide team members through tasks where individuals have to **put the group's goals above their own** in order to accomplish them. Come prepared for a challenge!

Your program can be designed according to the needs of your team. Spend time on **goal setting** and ways to achieve those goals. Allow team members to **learn more about themselves** and one another. Consider focusing on **self-worth** and being true to oneself. **Create new drive** and excitement. These are just a few ideas to get you thinking about how your team could benefit from this experience.

We'll work with you to make a custom program that develops the characteristics you would like to bring out in your team. No matter what the program focus, every group talks about the **intense bonding** that naturally happens on our challenge course. There is nothing else like it! The atmosphere is focused, yet relaxed. The challenges are difficult, yet fun. The more you put into it, the more you get out of it. The overall experience is **rewarding and unforgettable**.

The reverse side of this card shows our pre-packaged programs, their itineraries, and costs. Our website has additional information about how to register, testimonials from group leaders, and frequently asked questions. Be sure to check it out.

To register or if you have questions about the program, please contact **Korey Breutzmann** at korey@pathwaysbiblecamps.com or 218-760-4212. We look forward to working with you!
